Nurturing personal growth through inspired learning...

Thursday 18th February 2021

Stage 1 Planetarium Incursion

Dear Stage 1 Parents/Carers,

As part of the Semester 1 integrated unit 'Earth and Space' students will participate in a Planetarium incursion. Participation in this incursion will support students to gain practical insight into the topics we have been studying this term, particularly the movement of the sun and moon as well as the effect they have on life on Earth. This is a valuable opportunity for our students and will enrich the learning they have been participating in at school.

Date: Tuesday 30th March

Time: Scheduled throughout the day.

Uniform: Students are to wear their regular school uniform.

Cost: \$10.00 per student

Due: 8th March 2021

There is no paper note for this activity, please provide permission by checking the **"Permission Granted"** box through the **Sentral Parent Portal** or app.
Payment will be included in your child's Term 1 Account.

Thank you for your support

Kieran Campbell
Organising Teacher
